

# What's On December 09 – January 2010

Hi Everyone

As I send out the last newsletter of the year, I reflect on what an exciting year it has been not only for myself but for many others as well. We have been challenged, we have been gifted, we have had to take stock of who and where we are, we have shared tears and joys and yes we are still here! To walk forward with new insight looking for the new and positive experiences in our lives and for those we love in the coming year. I believe 2010 will be a leap forward for many who are opening to their full potential, I look forward with great joy for what 2010 bring for us all.

In the meantime may I wish you all a very Happy Christmas and an abundant New Year.

Love & Blessings

Mandy

**Sat 29<sup>th</sup> May Wesak *Unity of Light Festival 10am – 5pm*** As we come together for this Sacred Celebration, we each have the opportunity to connect with the high spiritual energies that are bestowed upon us at this special time. For centuries, it has been a time when Ascended Masters, Buddha and the Christ bestow transformational spiritual energies upon this Earth Plane and as the huge current of high frequency energy passes through the hearts of all gathered, so each individual experiences the opening to divine love. This is a sacred moment, a moment when humanity and divinity are one. Great expansions of consciousness are possible because of these blessings of light. Since we started these celebrations in Tamworth just a few years ago, many powerful and versatile presenters who embody love, compassion, joy, and dedication to uplifting the Spirit of mankind come together to offer their creative outpourings to those in attendance. As they share their energies, they stimulate, inspire, entertain and unify those in attendance so that one radiant stream of light and love is created and offered to the planet in service. We Will be honoured with some overseas visitors this year, all being well.

We invite you to join us as we come together in Love, Light and pure intent towards our own inner peace, and the peace for all nations, bringing World Peace into Reality
